

**PROJECT SHAISHAV ACTIVITY REPORT FROM DECEMBER, 2023  
TO FEBRUARY, 2024.**

### TASK 1

To regularize all the children who are enrolled in the Anganwadi center.

Previous status: Only 7 children were coming regularly to the Anganwadi.

Progress made: Total 12 to 16 students have started coming to the center regularly.

BEFORE

AFTER

### TASK 2

To follow official timing of the Anganwadi center as per ICDS department.

Previous status: Children reach the Anganwadi center at 11:30 am and leave at 12:15 pm daily.

Progress made: Children reach at 10:30 am & stay till 01:00 pm daily.

BEFORE

AFTER

### TASK 3

To ensure Anganwadi worker follows the yearly syllabus of ICDS department.

Previous status: Yearly syllabus was not being followed.

Progress made: Anganwadi worker daily refers the syllabus and comes prepared to implement the same.

#### TASK 4

To inculcate habits such as : Organizing slippers in a line, wishing good morning, Hand wash & Prayer.

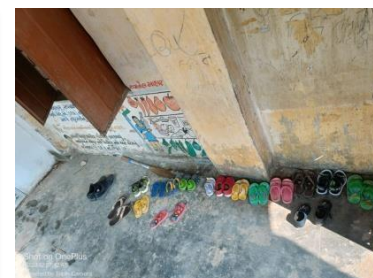

Previous status: Only hand wash was done regularly & Prayer was done sometimes.

Progress made: Children are daily encouraged to follow all the above habits.

BEFORE

AFTER

#### TASK 5

To motivate the staff to pick-up all the enrolled irregular children from their home.

Previous status: Children staying near the AWC came regularly.

Progress made: Helperben has started visiting sometimes to pick-up children who stay afar from the AWC or she calls their parents and asks to send the kid.

HOUSE HOLD VISIT TAKEN BY MF TEAM & ICDS STAFF

#### TASK 6

To lessen intake of food packets/ padikas

Previous status: All the children daily used to consume 4 to 5 packets of wafers/ biscuits and didn't eat cooked meals at Anganwadi or home.

Progress made: Some children have stopped eating wafers and started eating cooked food in AWC & their home whereas some children consume only few packets of padikas.

A CHILD EATING WAFER DURING ACTIVITY

### TASK 7:

#### **Making parents aware regarding sending their children regularly to the AWC**

Previous status: Parents weren't sensitive towards education of pre-school hence, only 6 to 7 children were regular.

**Progress made:** Parents were convinced by MF team to send their children regularly to the Anganwadi resulting in presence of 12 to 17 children daily.

### INDIVIDUAL CHILD BASE TEACHING BY MF

### TASK 8:

#### **Creating Goodwill of Mulya Foundation among mothers & community.**

Previous status: Parents weren't confident to send their children regularly to the Anganwadi because, of poor quality of education.

**Progress made:** Parents started sending their children on a regular basis after Mulya Foundation started supporting the staff of ICDS department to fill the gaps in education system by implementing Project Shaishav.
